

**CITY COUNCIL WORKSHOP**  
**Water/Sewer Rate Study**  
**Wednesday, February 15, 2012**

Mayor Mike Cassinelli opened the meeting at 8:04 am. Council members Gary Forner, David Jensen, Fred Marshall, Vinessa Mulinix, and Jon Chambreau; Treasurer Elaine McMillan was also present. Elaine explained the comparison document. Discussion ensued regarding: the revenue target, how a flow meter reading would need to capture all of the flow, the calculations should round down, the ERU should be a minimum of one, the revenue to use (RU) factor with possible targets of: residential 1.2, small and large commercial each .8, using a three month maximum flow to compute the number of commercial ERU's, and the potential for a separate class based on potential grey water contribution. It was determined that a committee should narrow down the potential structures before the next meeting date is set. The meeting adjourned at 9:55am.
